

Regional Project

“Promoting Employment through Renewable Energy and Energy Efficiency in MENA” (RE-ACTIVATE)

Implemented by:
giz Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH

Component 1: Knowledge and Strategy Building at Country Level

Country Analyses

- MENA Focus Countries
- SE4JOBS Reference Countries

Sector Analyses

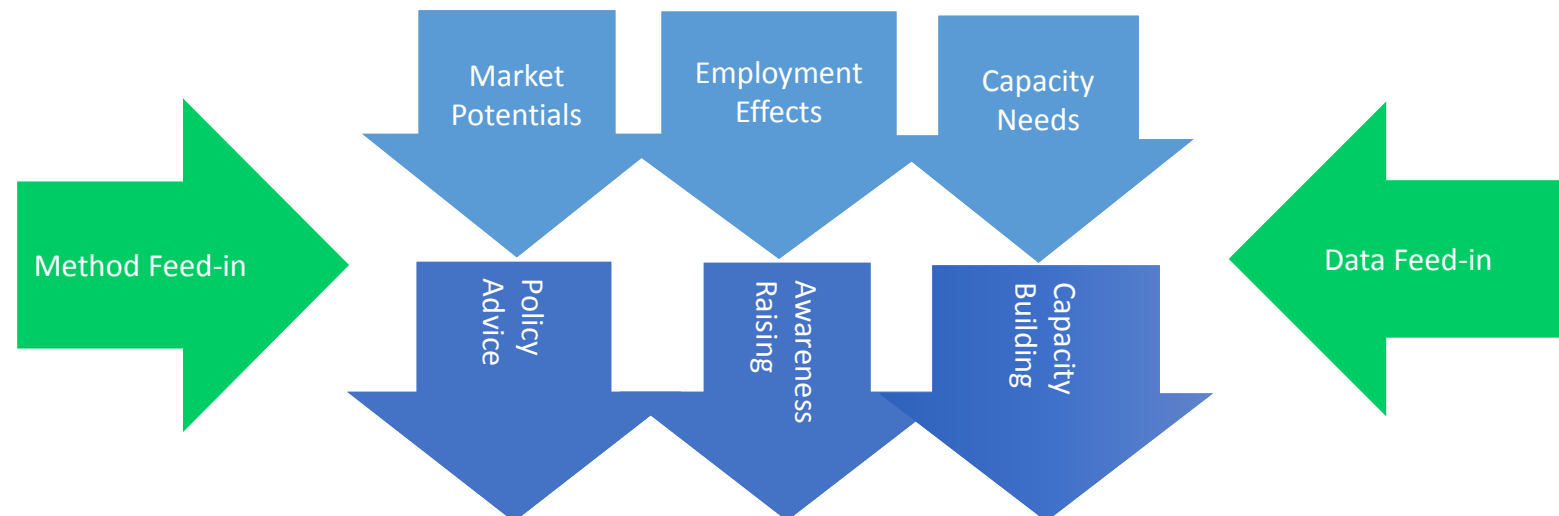

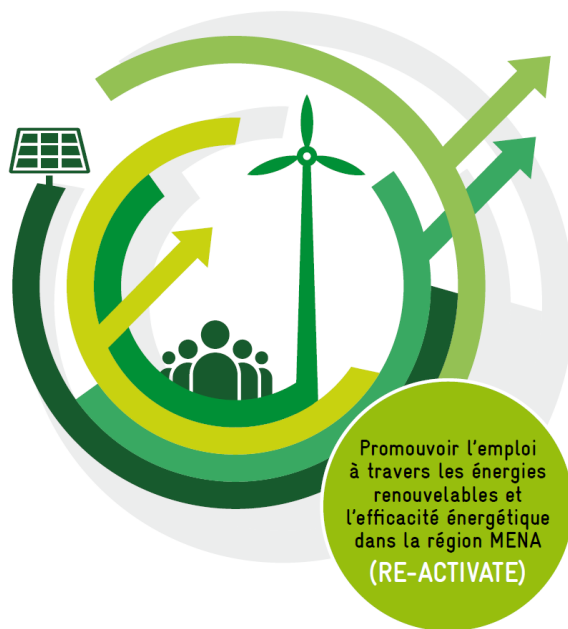

- Agriculture MAR, TUN
- Construction MAR

Technology Analyses

- PV Sector Mapping Focus Countries
- PV-LV Market Potential MAR
- PV-Offgrid Market Potential EG Y
- PV-Hybrid Systems Market Potential EGY

Strategy & Legal Advice

- NREAP & NEEAP Support EGY
- PV-LV Framework Preparation MAR

Objective: promoting stakeholder knowledge and awareness about socio-economic impacts and potentials of RE/EE

Regional Project

“Promoting Employment through Renewable Energy and Energy Efficiency in MENA” (RE-ACTIVATE)

Implemented by:
giz Deutsche Gesellschaft
für Internationale
Zusammenarbeit (GIZ) GmbH

Component 2: Market Development at Country Level

Morocco

- EE in the construction sector
- EE in the leather industry
- RE/EE in agriculture and food industry
- RE/EE promotion with Agadir Municipality

Tunisia

- Supporting private RE service providers: Bureaux de contrôle, Bureaux d'études
- RE/EE in agriculture and food industry
- RE/EE promotion with Bizerte & Nabeul

Egypt

- Supporting off-grid PV hybrid systems
- Promoting solar pumping
- EE in the industry sector

Activity Chain

Objective: enhancing framework conditions to trigger market development and investment

Regional Project

“Promoting Employment through Renewable Energy and Energy Efficiency in MENA” (RE-ACTIVATE)

Implemented by:
giz Deutsche Gesellschaft
für Internationale
Zusammenarbeit (GIZ) GmbH

Component 3: Capacity Development at Country Level

Morocco

- Trainings on EE in the construction sector and manual for EE in the industry
- Trainings on RE/EE in AGR/IAA
- Support quality standards for IFMERE

Tunisia

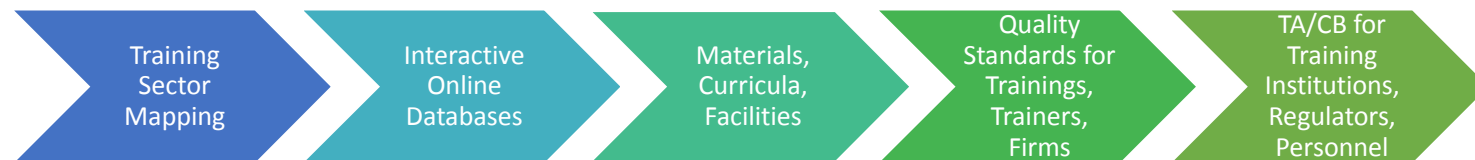

- Trainings for EE in the industry
- Trainings on RE/EE in AGR/IAA
- Support quality standards for PV and EE trainings and institutions

Egypt

- Trainings and manuals for solar pumps, off-grid hybrid systems and EE in the industry

Activity Chain

Objective: upgrading local capacities to strengthen product quality and consumer confidence

Regional Project

“Promoting Employment through Renewable Energy and Energy Efficiency in MENA” (RE-ACTIVATE)

Implemented by:
giz Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH

Component 4: Knowhow Transfer and Network Building at Regional and International Levels

GIZ Knowledge Management:

- TF Employment Promotion
- FV MENREM
- FV MINO
- CoP Skills for Energy
