

FOR ALL YOUR BAKING NEEDS
THE IMPROVED ENERGY SAVING COOKSWELL
CHARCOAL OVEN

For all your domestic baking needs, three sizes of portable energy saving charcoal ovens. Starting at 4,500ksh

The Micro-Safari Companion

The Two Level Domestic Oven

The Three Level Oven

As with all ovens, these Cookswell Charcoal Ovens perform a variety of tasks like baking, roasting, toasting and steaming. You can use environmentally friendly charcoal briquettes or your own homemade sustainable charcoal. And unlike electric/gas ovens, the charcoal oven can be used absolutely anywhere at any time regardless of power rationing or expensive gas shortages. All our ovens are precision engineered to the highest standards of quality with the only best materials used and are produced under the supervision of the original designer.
SAVE ENERGY SAVE MONEY-EAT WELL!

For Small and Medium Business Enterprises, Hotels, Camps and Lodges and Large Scale Industrial Bakeries we offer 5 sizes of energy saving charcoal ovens with an optional hot water system. Starting at 15,000Kshs
