

Impact: Energy Solutions for Displacement Settings

TOTAL BENEFICIARIES

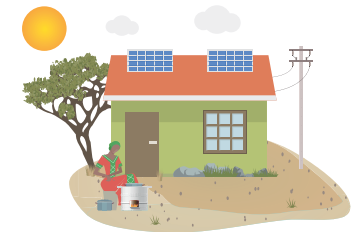

160,614

In case of Uganda and Kenya, the beneficiaries are the catchment population benefitting from services provided by the Health Centers, which gained access to electricity. For Ethiopia, the final beneficiary number is the total sum of beneficiaries from different project interventions.

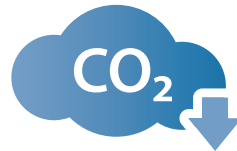

Project Data as of July 2022

“Energy Solutions for Displacement Settings” works closely with UNHCR and local partners to provide energy solutions for refugee and host communities in **Ethiopia, Kenya and Uganda**. It is active in three areas: 1. Improving the policy framework; 2. Greening the UNHCR infrastructure; 3. Increasing market-based energy access. It is part of the Global GIZ Programme with UNHCR and is funded by the German Federal Ministry for Economic Cooperation and Development (BMZ).
